

# Posie Plate

## with Diane Enger

Thursday, July 18<sup>th</sup>, 1 to 4

\$45 A3L members, \$55 nonmembers, plus \$15 supply fee

In this workshop we will be creating an 8-inch plate of flowers. Using a stack technique, we will be designing a plate of colorful flowers.

This class is for beginners and intermediates.

We will be using nippers to shape our flowers so there will be limited glass cutting. If you have some fusing experience this will be a new technique to learn. This plate will be an eye-catching piece of glasswork that can be displayed as a decorative plate or hung on the wall. It is a fun project. Come and join us.

Minimum of 3 students, maximum of 6 students
